Two police, one suspect wounded in I-75 shootout

Suspect arraigned in hospital bed on attempted murder charges

By Linda Sherwood
Staff Writer

Two law enforcement officers and one suspect received gunshot wounds on Tuesday, Sept. 14. Crawford County Sheriff Deputy Paul Smith and Michigan State Police Trooper Ronald Croskey were both shot during the shootout. Sheriff Deputy Conrad Niederhouse escaped gunshot wounds during the incident.

The Michigan State Police and Crawford County Sheriff Department is still investigating the incident. The agencies are looking into whether the suspects were involved in more crimes in other states.

According to Detective Richard Meyer of the Crawford County Sheriff Department, the incident began when a "be on the lookout" was issued for two vans that drove away from Upper Lakes Tire Gas Station in Gaylord without paying for gas at about 5:30 p.m. A gas station attendant was able to write down the license plate of one of the vehicles.

Trooper Croskey of the Houghton Lake State Police Post was in the Gaylord area at the time of the drive off. He located the suspect vehicles at a rest area near Fredonia. At that time he stopped and confronted the suspects to ascertain if they were involved in the drive off, said Meyer. A backup unit with deputies Niederhouse and Smith was sent to the rest area.

There were four suspects, two males and two females. Meyer said the officers had obtained identification from all four suspects and were checking vehicle registrations, which revealed

the vehicles were stolen, when one of the male subjects opened fire with a handgun. Meyer said the suspect, later identified as Joseph Lira, hit Paul Smith in the chest. He then shot Trooper Croskey, who was sitting in his car. Lira then fired at Niederhouse through a window. Niederhouse received minor scratches and cuts from the breaking glass. All three officers returned fire, Niederhouse with a 12-gauge shotgun. Niederhouse and Lira exchanged fire at point blank range.

After a brief shootout, the officers were able to take Lira into custody. All three officers were wearing bullet-proof vests at the time of the incident, which is department policy according to Meyer. Deputy Smith received a single 9mm gunshot wound to the chest. He was treated at Mercy Hospital of Grayling and released the next day. Trooper Croskey was shot twice. One bullet entered in the groin area. The other bullet entered in the pelvic area and then deflected up and out his opposite side shoulder, said Detective Meyer. Trooper Croskey never made it out of his car once the shooting began, said Meyer.

Besides the suspects and officers, there were six people at the rest area at the time of the incident. Four of the six were within range when the shooting occurred, but were able to make it safely to their vehicle. Two other people witnessed the shootout as they drove by the rest area.

Trooper Croskey underwent surgery for the gunshot wounds and was later transferred to the University of Michigan Hospital in Ann Arbor where he is

in stable condition.

The other three suspects tried to flee the scene, but were detained by officers, said Meyer. The suspects made no attempts to help the officers or Lira during the shootout.

Detective Meyer said Lira was shot several times during the shootout. Lira is currently listed in stable condition at Munson Medical Center in Traverse City. It is believed Lira will be moved to the Crawford County Jail by the end of the week, according to Sheriff David Lovely.

While at the Mercy Hospital Emergency Room, it was reported over a radio transmission, at the time of the incident, that Lira has Acquired Immune Deficiency Syndrome (AIDS), but that has not been confirmed.

Joseph Lira was arraigned in his hospital room on Monday, Sept. 18. He was charged with three counts of attempted murder and felony firearms.

Two of the other suspects were arraigned on Friday, Sept. 15. Linda Kay Bertrand, 40, of Milwaukee, Oregon and her son, Adam Trent Jackson, 17, also of Milwaukee, Oregon were arraigned on two counts of concealing stolen property over \$100, a felony which could mean five years in prison and/or a \$2,500 fine; and two counts of unlawful driving away of an automobile (UDAA), a felony with up to five years in prison.

A preliminary hearing is tentatively scheduled for Bertrand and Jackson for Tuesday, Sept. 26. Bond was set at \$100,000. Bertrand and Jackson were

County ups ante in landfill lawsuit

Counter suit asks landfill owners to pay \$10,000 per day to county for violations of waste flow control regulations

By Terry Wright
News Editor

Attorneys for Crawford County have asked for a court judgement which would assess a \$10,000 civil fine against City Environmental Services Inc. of Waters (CESW), for each day it has violated Crawford County's solid waste plan by accepting waste generated in counties not authorized in the Crawford plan.

A second request was made for CESW to pay Crawford County a \$1.50 per cubic yard impact fee on waste generated in any Michigan county other than Crawford or Otsego

as a precondition to an amendment to Crawford's solid waste plan naming an expanded number of counties. Revenues from the impact fee would be used to pay for enforcement of state and local landfill regulations.

Prosecuting Attorney John Huss and contract attorney Peter Gustafson of the firm Warner, Norcross and Judd of Grand Rapids, made the requests in answering CESW's suit against Crawford County for breach of contract filed in Otsego County Circuit Court in August.

Gustafson was hired by the Crawford County Board of

Commissioners to assist Huss in preparing an answer to CESW's suit.

CESW named both Crawford and Otsego counties as defendants and asked that the counties pay \$15 million dollars for loss of profit and another \$7 million as reimbursement for purchasing and improving the Maple Forest based landfill. CESW purchased the landfill in 1991 from the Crawford-Otsego Landfill Authority.

CESW claims the purchase and sales agreements signed by representatives in both counties in 1991 mandated their help in allowing CESW to compete for waste in an expanded number of counties. The subsequent failure to pass an amendment to the Crawford County Solid Waste Management Plan allowing expansion is being claimed a breach of contract.

Crawford's answer claims the county has complied with its obligations under the agreements through the passage of a flow control ordinance and an approval of an amendment to the solid waste plan.

The answer further states that the CESW claim of breach of contract has been invalidated because of its own violations of the county waste plan and plans of other counties by receiving wastes from counties not specifically named in Crawford's plan.

The answer states, "On February 22, 1993, the Director of the Michigan Department of Natural Resources (MDNR) issued a Cease and Desist Order to City Management Corporation, the parent company of CESW."

"In the February 22, 1993 Cease and Desist Order, MDNR stated that reports dated August 1992, September 1992, October 1992, November 1992, December 1992 and January 1993 submitted to the Department of Superior Sanitation Service, Inc. for its solid waste transfer facility located in the City of Sault Ste. Marie, Chippewa County, indicate that solid waste from Chippewa County has been accepted by City Environmental for disposal at the [Crawford County] Landfill."

Representatives from City Management have publicly admitted accepting waste from Chippewa County stating their belief that solid waste flow control regulations are illegal.

A recent Michigan Appellate Court decision upheld the validity of flow control at the county level.

If the court finds in favor of Crawford County, CESW could be ordered to pay almost \$12 million in fines dating back to August, 1992.

Huss and Gustafson have demanded a trial by jury in Otsego County Circuit Court. No date has yet been set.

LODGED IN THE COUNTY JAIL--Linda Kay Bertrand holds her hands over her face, while her son Adam Trent Jackson, stands mute during their arraignment in 83rd District Court. The pair were charged with two counts each of receiving stolen property in excess of \$100 and unlawfully driving away an automobile. The pair was escorted into the courtroom by Capt. Mike Johnson (R) of the Crawford County Sheriff Department. Attorney Richard Jaskowski (L) was appointed to represent Bertrand.

Sarah Weaver benefit dinner raises a whopping \$20,000

Grayling and surrounding communities showed overwhelming support to help Sarah Weaver, 11, in her fight against Nephrotic Syndrome, an extremely rare disorder of the kidney.

Over 3,000 tickets were sold for a benefit dinner held Sunday, Sept. 10 at the Knights of Columbus Hall. Organizer Mary Neal said between donations, the raffle, and ticket sales, more than \$20,000 was raised.

"It was overwhelming," said Neal about the response. "We're so thankful we live in such a great commu-

nity."

Neal said more than 200 volunteers helped organize the dinner, including planning, selling tickets and working at the dinner.

"The kids that worked the dinner were amazing," said Neal. Children, ages eight to 16, helped clear tables, serve desserts and beverages, change tablecloths and decorate the hall.

There was a steady flow of diners from 1:45 p.m. until 8:15 p.m., said Neal. "At one point they were lined up

out into the parking lot."

The Grayling Middle School Student Council sponsored a dance on Sept. 8, which earned over a \$1,000 for Sarah and her family.

The prayers and cards are helping Sarah too.

"She's doing really well," said Neal. "It's possible that she might come home this week if she can get home nursing care." If she does come home, Sarah will still be hooked up to IVs and pretty much homebound, said Neal.

United Way sets '95 goal at \$75,000

The 1995 United Way campaign is off and running again with its yearly kick-off party held this year at Chief Shoppenagon's.

The party signifies the start of the 1995 campaign with the funded agencies, United Way volunteers and any other interested community members.

The goal this year has been set at \$75,000 with 18 different agencies being funded.

Just a few of the agencies requesting assistance this year are River House Shelter, 4-H youth program, hospice, day care centers, Red Cross, Boy's and Girl Scouts, and many others.

The mission this year is to help the Crawford County community understand that the United Way is not just an organization, but a vehicle to let all of us on an individual level

reach out to those in need.

The United Way does not help agencies—it helps people—and this only happens with the help of everyone. The local Crawford County United Way is staffed completely with volunteers, with only seven percent of its budget going for administrative expenses such as postage and stationery. The United Way seeks funding through contributions of individuals in the form of payroll deductions and 1-time gifts.

As our community grows, the need for services and help grows. The Crawford County United Way asks again this year for your help, knowing that your help touches someone close to you.

For more information or to offer your help, contact this year's campaign chairpersons, Bill and Marty Gannon, at 348-8431.

Lake Margrethe road end controversy heats up

By Linda Sherwood
Staff Writer

Several residents living near Lake Margrethe have filed a lawsuit protesting the closing of a public access road off North Portage Avenue. The paved road, known as Northerly Boulevard, is located between lakefront property owned by David and Sherry Hanson and Jeffrey and Lauri Jerome.

Representing several nonlake-frontage property owners, attorney David M. Delaney said the Hansons and Jeromes are trying to exclude the public's access. According to Delaney, Northerly Boulevard was part of a platted subdivision, which was set up in the early 1900s. All access roads belong to the public, he said. The only way to close an access road is by a vacation order, which he said has not been done in this case.

Residents and the public have used Northerly Boulevard as a public road-end lake access site for over 40 years. In affidavits signed on Aug. 21, 1995, the Hansons and Jeromes claim "open, exclusive, actual, visible" possession of the access road. The affidavit further states that any use of the property

by the general public has been by the permission of the Hansons and Jeromes.

The Hansons and Jeromes claim the property by "virtue of an order of the Crawford County Circuit Court dated Oct. 16, 1940 and recorded with the Crawford County Register of Deeds on Oct. 22, 1940, and further by virtue of a Resolution of the Crawford County Road Commission" dated July 5, 1940 and recorded Feb. 6, 1954.

On July 5, 1940, Crawford County Road Commission minutes reflect that the commission resolved that "all necessary, proper and legal steps be taken to effect the legal vacation" of the property. At a commission meeting on Aug. 20, 1940 that resolution was amended to "strike there from the following described portions of the boulevard, to wit: '2" all of that portion of a street or highway designated as a boulevard bounding said replat on its northerly side and extending from Lake Margrethe to the intersection of said boulevard with North Portage Avenue. And that said resolution as so passed by this Commission on July 5th, 1940 be in all other respects confirmed."

The Crawford County Circuit Court's "Order for Vacation" dated Oct. 22, 1940 includes the exclusion of the boulevard. A resolution of the Crawford County Road Commission recorded on Feb. 6, 1954, however, does not include the amendment of the Aug. 20 meeting or of the circuit court order.

James Briney, managing director of The Road Commission For Crawford County, said the parties are taking the matter to a court of law and that he has no comment on whether or not the road commission is responsible for the boulevard or if it has reverted back to the landowners.

In 1960, according to Delaney, the road commission used public funds to pave the boulevard. The road commission paved all of the road ends at that time. Delaney said by paving the road ends using public funds, the road commission established the boulevard as public property.

The resolution of the road commission to vacate the boulevard is only one step in the process said Delaney. "The road commission has no authority under statute without a court order. I think that's what caused some of the

problem," he said. "What you really need is a court order."

At a meeting of the Lake Margrethe Property Owners' Association (LMPOA), on July 15, Tom Hall expressed his concern that landings on Lake Margrethe may be closed. According to the minutes, State Representative Allen Lowe said road ends were dedicated to public use and the big controversy will be boat moorings. Briney, also at the meeting, stated public road closings must come before his board and a public meeting would be held before any closings could take place.

After lengthy discussion, LMPOA adopted a recommendation to keep all legal public accesses and road ends open.

The Hansons and Jeromes are being represented by William Carey of Carey & Associates, P.C. Carey declined to comment on the specifics of his clients' counter-complaint, but did note that his clients' position has significant legal merit. Carey went on to state that he has been involved in extensive appellate litigation regarding the issues raised in this action, including representing the prevailing party in *Jacobs v. Lyon Township*. The Jacobs case is an appellate case which establishes the precise use of road end sites, according to Carey.

"Frankly, many of Mr. Delaney's comments do not accurately reflect the state of the law in Michigan," said Carey.

turned over to the custody of the sheriff.

The third suspect, a 16-year-old female is charged with receiving and concealing stolen property in excess of \$100. She waived her preliminary exam. A trial date has not yet been set. The prosecutor can request that she be tried as an adult. The juvenile female listed Portland, Oregon as her home, which is where her grandmother lives. Her mother, who has custody of her, lives in Vancouver, Washington.

The two vans, a 1984 Toyota and a 1987 Toyota, have been secured while the crime lab processes them. One of the vans was stolen from Arizona, the other was stolen from Oregon in late July.

Crawford County Sheriff Department Sheriff Patrol

For the week of Sept. 11 to Sept. 17

The Crawford County Sheriff Department responded to 108 incidents from Monday, Sept. 11 to Sunday, Sept. 17. The incidents ranged from routine vehicle inspections to two deputies being involved in a shootout.

On Tuesday, Sept. 14, deputy Paul Smith was shot in the chest during a shootout that occurred at a I-75 rest area near Frederic. For a complete story turn to page 1A.

The sheriff department investigated eight assaults during the week, including one that occurred at the football field on Friday, Sept. 17.

Six breaking and entering incidents were reported. The incidents do not appear to be related, most were of unoccupied summer residences. The break-ins occurred on Sweetzer Boulevard, Lovells Road, Thunder Bridge Road, W. Babbitt Road, South Sandy Trail and Irish Way.

A hit and run resulting in property damage occurred on North Old U.S. 27. There were another 14 vehicle accidents, 10 of which involved deer. Two of the accidents were rollovers, one of which occurred on US 27 on Sept. 16. The other rollover occurred on Sept. 14 on SB I-75, near the North Down River Road exit. Further information was unavailable at press time, but it was reported that there were some injuries.

The department investigated six instances of disturbing the peace, two of which were complaints about barking dogs. Another complaint was about a loud party on Alexia Lane.

The department also responded to three invasion of privacy calls, one child neglect complaint, four family trouble disputes, four property damage reports and located two missing children.

There were 20 general, noncriminal incidents including assisting several stranded motorists during the week.

New representatives named by American Red Cross

Two northern Michigan residents have been named to new positions within the Wolverine Blood Region of the American Red Cross.

Carolyn Matzinger of Petoskey, has been designated assistant director of donor services for the region. In her new position, Matzinger will oversee blood donation facilities and coordinate blood drive matters in a 17-county area in northwest Michigan. A 5-year Red Cross employee, Matzinger had worked as a regional representative before being named to her new position.

In addition to her work with Red Cross, Matzinger has experience in the travel industry, as well as sales and administration. A former Peace Corps volunteer in the Philippines, Matzinger also holds a B.A. degree from Central Michigan University, and studied at the University of London.

The new regional representative for

the 15-county area is Jody (Schofield) Werner. Formerly a program director for the American Cancer Society, Werner began her work with the Red Cross on Aug. 21. In her new role, she will assist blood drive coordinators help the Red Cross continue its life-saving mission of supplying the safest blood available to patients who need help now.

Earlier, Werner had three years of experience with the Red Cross in both the education department and as a regional representative in the Lansing area. She holds a B.A. degree in business administration from Michigan State University, and lives in Petoskey.

Together, Matzinger and Werner will work to expand the American Red Cross's network of healthy people, donating blood regularly, to meet community needs, whether local, regional or national.

Meet Kirstie Race, one of the new faces at GHS

NEW TEACHER—GHS business instructor Kirstie Race defines computer terms in one of her freshman BST classes. (Nancy Lemmen Photo)

By Nancy Lemmen

Kirstie Race, who joined the Grayling High School business department this fall, brings several years of banking experience to her position.

Race, whose teaching assignment includes business service and technology (BST), accounting and retail marketing courses, graduated from Ferris State University in Big Rapids with a major in business education and a minor in social science.

Before student teaching at Mt. Pleasant High School and substitute teaching for the Mt. Pleasant School District, Race worked as a loan officer

for the Bay Area Medical Federal Credit Union, and in the accounting department of Empire National Bank in Traverse City for a total of three and a half years.

Race, a Northport native, said she was looking for a full-time teaching job in northern Michigan when the GHS position opened up.

"I hope to create a positive learning environment where students will learn employable skills and traits," said Race.

In her free time, she enjoys cooking, being with her family and traveling.

Race replaced business instructor Gayle Prause, who retired in the spring of 1995.

Ahrns gets 25-75 years

Bruce Ahrns of Grayling was sentenced to 25 to 75 years with credit for 112 days served for the second degree murder of Michelle Bird, 2.

Ahrns was sentenced on Tuesday, Sept. 19 in 34th Circuit Court by Judge Michael Matuzak in Roscommon County. Ahrns had plead no contest to the charges.

"Michelle Bird died as a result of the actions of the defendant," said Matuzak. Ahrns knew "death or great bodily harm would be the likely result of his actions. The intention to kill could be surmised."

Describing Bird's injuries, Matuzak said that she was dropped or thrown into a wall or floor at least four times. Bird was left in Ahrns care by her mother, Wendy Bird, for a maximum of five minutes when the injuries occurred.

The child was rushed to the sheriff department where she received cardiopulmonary resuscitation until the ambulance arrived.

Michelle died of cardiac arrest just a few hours after arriving at Grayling Mercy Hospital.

ISSUES AND OPINIONS

LETTERS TO THE EDITOR

Writer says don't pay to sue yourself

To the editor,
Now that City Environmental Services of Waters (CITY), has filed a frivolous 22 million dollar (\$22,000,000) lawsuit against Crawford and Otsego counties, it's time for citizens, businesses, and governmental agencies, if they are still using CITY, to ask themselves if they understand they are not only paying the legal expenses of their respective counties, but also the legal expenses of CITY.

If you look at other businesses in Crawford and Otsego counties, you will no longer see CITY dumpsters. These businesses and governmental agencies realize there are other alternatives for garbage pickup, and why should they pay CITY's legal bills, which amounts to essentially paying CITY to sue them.

If the citizens bring this to the attention of the businesses, they patronize and the governmental units which they are residence of (and vote for), they are contributing to the expenses of both sides of this lawsuit,

maybe these businesses and governmental agencies will find the alternatives others have.

Does CITY expect the cooperation and blessings of the citizens of these counties, and are you giving it to them? A phone call, a letter, or a visit from you, to these businesses and governmental agencies, will let them know you will not cooperate or bless City Management's actions relating to this lawsuit.

Contrary to "Ex-official" McLachlan's statements in the Sunday, Sept. 10 issue of the *Traverse City Record Eagle*, the counties do have "a leg to stand on." As a matter of fact, the population of the counties, times two, minus McLachlan's, will be the total sum of how many legs we have to stand on. Are you willing to stand upon your two legs and be counted? If so, let these businesses and governmental agencies know you will not help to pay for both sides of a legal action, only the attorney's can profit from.

Norman Bancroft
Grayling

Commissioner doesn't speak for everyone

To the editor,
There was a letter to the editor a few weeks ago that questions a couple of county commissioners and where they might stand in regards to the lawsuit filed by C.E.S.W. against Crawford County.

Shortly after that very thought-provoking letter, there appeared on the front page of the *Traverse City Record Eagle* (Sunday, Sept. 10) an article about that suit.

I can only notice that Commissioner McLachlan is the only commissioner quoted in that article, and he certainly indicates who he favors—and I hope he is not speaking for the other

commissioners or us taxpayers.

His comments that the counties "don't have a leg to stand on," is not how I, or the people I speak with feel. Maybe Commissioner McLachlan has rolled over and laid down for so long with C.E.S.W., that standing on his legs has become impossible, but our legs are just fine, thank you.

Furthermore, where does he get off saying that "we've failed to keep promises." Did Commissioner McLachlan have a mouse in his pocket when he signed all the closing contracts, or would there have even been room for a mouse?

Avalanche commended on job well done

To the editor,
I am writing to commend the staff of the *Avalanche* for an excellent piece of work, in preparing the camera-ready copy for the Road Commission Report in the paper today.

The composition by Todd Pfaff, typesetting by Sharon Lynch and photos by Terry Wright make for an interesting visual presentation of important public information.

Working with *Avalanche* General Manager Linda Golnick made it possible to create and distribute the 1995 Road Commission Report to the citizens at a reasonable cost.

You folks do good work.

ALMANACK By Richard Milliman

Perot backers play for keeps

through the years, and asked if age would be an issue in the 1996 campaign.

Mr. Nofziger is said to have replied: "If I were your opponent's adviser, it would be."

He's right on target. That's one of the points that makes vice presidential speculation so interesting. Gov. John Engler: Please note.

HONEST KIRK—Kirk Gibson, at 38, also was up there in years for his profession, which was baseball player. After physically hurting much of this season from a variety of aches and bruises, he retired of his own volition partway through the season, despite a reported million-dollar contract.

In a farewell press conference, as reported in *The Detroit Free Press* at

the time, Mr. Gibson made the following comment:

"I don't remember when I first thought about retiring, but it's been a while. I felt like I was stealing money."

Huh? Is that one of today's professional athletes talking?

He had a contract. He could have reported for work, sat on the bench, and collected a paycheck. But not Kirk Gibson.

How refreshing. How commendable. Mr. Gibson always has had a solid work ethic; apparently his sense of right and wrong is just as solid.

Good for him!

Deion Sanders: Please note and copy.

Just wondering--Some cogent

questions, copped from *Rotary Magazine*: Did you ever wonder...

—If nothing sticks to Teflon, how do they make Teflon stick to the pan?

—Why are there interstate highways in Hawaii?

—Why do we drive on parkways and park on driveways?

—Why is it when you transport something by car, it's called a shipment, but when you transport something by ship, it's called cargo?

—Why is it when you're driving and looking for an address, you turn down the volume on the radio.

FROM OUR CORNER By Whitey Madsen

All of this was at night time, around midnight, the only way it could be done. The basement had one opening, that was the coal shoot over in the corner of the room and many nights I would crawl up on the coal and stick my head up the opening just for a breath of air.

The saying goes, everything has a silver lining and mine was having two school chums, Bill Moore and Jim Decker, working just three stores down the alley in the bakery. They also worked the night shift.

What really helped out was at the end of the block was the Gaylord Dairy. Needless to say, the three of us were in second heaven, try turning down hot pastries and cold milk (whole milk that is) during the summer in the early morning hours.

The summer of '38 also seemed to open new avenues for the new generation of the "40s". One of my friends, who had access to an automobile (Model A Ford) that is, so we would all chip in 25 cents for gas and take off, a couple of times up to Afton, between Onaway and Indian River.

The Rendezvous Restaurant in Gaylord became one of the meeting places in northern Michigan, it was a restaurant, bar with dance floor and had live bands playing weekends.

It catered to teenagers and adults, it

was one of the meccas in the north where teenagers would mingle with adults for a good time.

A few laughs taken from Joe Falls' Forum in *The Detroit News*.

The club pro walked off the 18th green, where two ladies were waiting for him.

He smiled: "Good afternoon ladies. Do either one of you want to learn to play golf?"

One of the ladies smiled back: "Maybe my friend would. I learned yesterday." (sounds like my bride)

Rodney Dangerfield, in his ongoing search for respect: "I told my wife it's like a jungle out there, so she put a banana in my lunch box."

Sam Snead's advice to a golf duffer: "Lay off for three weeks and then quit for good..." (I took his advice a long time ago.)

Sonny Elliot, the Wondrous Weatherman, says, "A weatherman is a person who can look into a girl's eyes and tell whether."

Bob Bennett, the Phormer Pharmacist, now retired, says, "I've checked all the history books and only **Adam** never had a mother-in-law. That's how we know he lived in paradise."

This just in: **O. J. Simpson** has been named "Employer of the Year" by the American Bar Association.

Question: It is my understanding that a lot of accidents happen because of playground equipment.

What can we do as parents to prevent this?

Answer: Each year over 260,000 children will visit hospital emergency rooms because of playground injuries. Some children will even die as a result of these injuries. This isn't to say that playground should be avoided. A well-maintained and supervised playground can be an important place for children to test strength, expand imagination, develop skills and meet new friends. A few basic rules and criteria for safety can help avoid serious injury and make the playground a non-hazardous environment children can truly enjoy.

The following suggestions are adapted from Parents Magazine, CFA, CPSA and the National Safe Kids Campaign.

• Good surfaces are very important. Grass and hard-packed dirt have no give and should not be under play equipment. Concrete will most likely cause head injuries and broken bones. The best surfaces are wood chips/mulch, small gravel or sand, all kept at a depth of nine to 12 inches. These are softer surfaces that will adequately cushion a mishap. Some foam or rubber mats are designed specifically for playground use.

• Playground equipment must be placed far enough apart so that children do not fall on other equipment or children. The height of these pieces should be appropriate for the intended age. Slides or climbing equipment should not be more than six feet tall for preschoolers or seven foot tall for school-age children. Platforms and walkways more than 20 inches above the ground should have guardrails. Make sure that the spaces between steps and rungs are large enough to prevent head entrapment.

• Swings should have special precautions—children under two should only use swings with leg dividers so they can't slip out. They should not be swinging next to older children and there should be a distance of at least two feet between swings. Support poles should be 30 inches away from swings. Swing seats should be made of lightweight rubber or plastic instead of wood or metal, which can deliver a heavy blow to a child's head.

• Because children are vulnerable to cuts and bruises from ill-kept equipment, check that playground equipment is properly maintained. Look for rust, cracks, splinters, splitting parts or missing bolts. Even a loose bolt can reduce the stability of a swing set or slide.

• Playground materials are also important. Metal slides can reach temperatures hot enough to burn a child. A young child with undeveloped reflexes may not be able to pull away from a hot surface and thus suffer an injury. New playsets made of pressure-treated lumber should be sealed with polyurethane paint and children should not be allowed to chew on wooden rails because of the chemicals they contain.

THE GARDEN CORNER

A service of the Crawford County MSU Extension Office

Question: Last year must have been a banner year for dandelions—my yard had a zillion of them in the spring. Is there anything I can do to prevent that from happening again next spring?

Answer: Fall is the best time to control dandelions with a postemergent herbicide because they're actively growing now. Another reason to remove them in the fall, either mechanically or chemically, is that grass plants are also growing now and will readily fill in any empty spots created by removing dandelions. Because annual plants are dead or dying and landscape ornamentals are going dormant, accidental herbicide injury to desirable plants is less likely

in the fall than in the spring or summer, when these other plants are growing vigorously. As with any garden or lawn product, read the label in the herbicide you choose to use and follow all instructions carefully. You may also contact your local extension office for more information.

Question: I set some houseplants outdoors for the summer. They survived fine, but now that they're back inside, they're dropping leaves like crazy. I can't find any signs of insect or disease. What's the problem, also when is the best time to bring in houseplants that spent the summer outdoors?

Answer: Most houseplants are tropical plants that will not tolerate

temperatures much below 45 to 50 degrees F. Frost, of course, will kill them, so you want to bring them indoors well before cold weather. Be sure to check plants closely for diseases and insect infestations, and treat or discard plants with severe or untreatable problems.

Leaf drop is one way a plant tries to adjust to a drastic reduction in light levels. Even plants in the shade receive more bright light outdoors in the summer than they'll get in a sunny window indoors in the fall. To reduce the shock of the transition and minimize leaf drop, place plants where they'll receive as much natural light as is available and/or supplement them with fluorescent light.

Rice—the long and short of it

Throughout history, rice has been an important food. Today, this grain helps sustain two-thirds of the world's population.

Rice is nutritious, versatile, economical, easy to make and tasty. Rice is a complex carbohydrate. Complex carbohydrates are stored in muscles and released as energy as needed. Among grains, rice is considered one of the highest-quality protein sources. It has all eight of the essential amino acids, necessary building blocks for strong muscles. Rice is also a good source of other essential nutrients—thiamin, riboflavin, niacin, phosphorus, iron and potassium. It has no fat, no cholesterol and no sodium. It is non-allergenic and gluten free, so it is especially good for people with special

dietary needs.

There are several types and forms of rice:

• Long-grain rice—Long slender kernel. Four times longer than it is wide. When cooked, the grains are separate, light and fluffy.

• Medium-grain rice—Rice is two to three times longer than it is wide. Cooked grains are moist, tender and slightly clingy.

• Short-grain rice—Kernel is almost round, cooked grains cling together.

• Brown rice—Kernels of rice that have only had the hulls removed. Cooked brown rice has a slightly chewy texture and nut-like flavor. The light-brown color is caused by the presence of bran layers that are rich in B-complex vitamins.

• Par boiled—Rough rice that has gone through a steam pressure process before milling. This procedure ensures firmer, more separate grain, and is preferred by customers who want an extra fluffy rice.

• Pre-cooked—White or brown rice that has been completely cooked and dehydrated. This process greatly reduces the time needed for cooking.

There are more forms of rice, but which ever you choose, rice is versatile and can be used in soups, salads, main dishes and desserts.

For more information on rice, contact your local MSU Extension Service office.

Funding sought for nongame wildlife, surcharge proposed for outdoor equipment

At its September meeting, the Natural Resources Commission adopted a resolution endorsing a national effort to raise \$350 million annually for the management of nongame wildlife and their habitat. The Wildlife Diversity Initiative and its slogan, "Teaming with Wildlife, A Natural Investment," urge the adoption of a surcharge of up to five percent on the wholesale price of certain types of outdoor equipment.

In 1980, congress passed the Wildlife Conservation Act, recognizing the importance of management of all wildlife species and establishing a funding program for nongame wildlife.

"Michigan's nongame income tax checkoff was passed to provide state matching funds for the expected federal dollars," Department of Natural Resources Director Roland Harnes said. "Unfortunately, in the years since its passage, the Wildlife Conservation Act has never had any funding appropriated by Congress. The Wildlife Diversity Initiative is intended to resolve this oversight and provide

the needed funding for nongame wildlife."

The Initiative proposes a user fee patterned after the hugely successful Pittman-Robertson and Wallop-Breaux programs, which place similar surcharges on firearms, ammunition, and fishing tackle. These two programs have raised hundreds of millions of dollars for use by the states for management of sport fisheries and game.

The national Wildlife Diversity Initiative effort is being coordinated by the International Association of Fish and Wildlife Agencies. Michigan now joins a growing list of states and other coalition members supporting this initiative, including the National Audubon Society, Bat Conservation International, the American Birding Association, the National Wildlife Federation, the Wildlife Society, and the National Association of Conservation Districts.

It is estimated that the proposed surcharge would provide the state of Michigan with an additional \$4 million

to \$12 million to support nongame wildlife projects such as school habitat site development, increased research into declining songbird populations, development of better interpretation at the state's 121 wildlife viewing sites, and assistance for private property owners to improve wildlife habitat.

A major effort is currently focused on getting constituents to show their support by writing letters to the manufacturers of outdoor equipment. For more information on how you can become involved, contact Raymond Rustem, Natural Heritage Program, Wildlife Division, Michigan Department of Natural Resources, P.O. Box 30180, Lansing, MI 48909.

The Bible Speaks

From the Calvary Baptist Church

Waco & Ruby Ridge

Walter Williams quoting statistics from *Death by Government*, written by Professor R. J. Rummel reminds us that 170 million people have been killed in this century mostly by their own governments. Leftist governments in the Soviet Union and China reportedly murdered 62 million of their own citizens between 1917 and 1987. The Nazis in Germany exterminated about 21 million Jews, Slavs, Serbs, Czechs, Poles and Ukrainians including their own "misfits". Japan murdered about six million unarmed citizens in Asian countries. Turkey murdered close to two million Armenians between 1909 and 1918. Leftists killed two million citizens in Cambodia. Pakistan's government has murdered 1.5 million citizens. We may add to these figures from Rummel the constant killings in Africa and Bosnia. We see why Williams called government, "Mankind's most brutal institution."

What is the cause of these horrors? Williams concurs with Rummel's opening statement: "Power kills;

absolute power kills absolutely....The more power a government has, the more it can act arbitrarily according to the whims and desires of the elite, the more it will make war on others and murder its foreign and domestic subjects."

Some of us still believe the United States of America has the most honorable system of government in the world. You may ask by now what all this has to do with Waco and Ruby Ridge? Apparently, a few government agents accept no guilt even if innocent women and children must die while they punish armed religious or racial radicals. In light of history, Waco and Ruby Ridge remind us that federal police power used against our own citizens could easily become unreasonable, unaccountable, and uncontrollable.

The real danger is the philosophy of government elitists who think they know more than God, the Bible, the U.S. Constitution, and the average citizen about what is good or bad for us all. We know our government was created "of the people, by the people, and for the people." Yet, government

control by taxation and regulation threatens our basic liberties. We feel policed by federal agents of taxation, tobacco, guns, sexual harassment, animal rights, plant or tree rights, etc. Our very thoughts and words are held suspect.

By assuming brains and morals superior to God, the Bible and the U.S. Constitution, liberals believe they can make government good or benevolent for all. They believe by more control of people and things they can produce utopia. But Jesus said, "For out of the heart proceed evil thoughts, murders, adulteries, fornications, thefts, false witness, blasphemies." (Matthew 15:19) "The heart is deceitful above all things, and desperately wicked... (Jeremiah 17:9) Only God can save us from ourselves!

Church Directory

It Endures.

Man can build skyscrapers and miles of highways - even go to the moon. But he can't create a tree.

A tree withstands the summer heat and the cold of winter. How many windstorms have buffeted it? How many times has it lost its leaves in autumn, only to be reborn the following spring?

A tree like this has much in common with the churches and synagogues of our nation. They, too, have endured countless storms and have stood the test of time. And like a giant tree, their roots go deep.

Stability - you can depend on it.

YOUR SOCIAL SECURITY

By Charles Tinsley, Cadillac Social Security Representative

Include Social Security in your financial planning
When you're planning your financial future, be sure to include the Social Security benefits that you and your family may be eligible to receive now and in the future. You can get a personal earnings and benefit estimate statement from Social Security that will give you an estimate of what you will get if you retire or become disabled, and what your family will get if you die. Call

(800) 772-1213.

Value of Social Security survivors benefits is \$295,000
Did you know the value of Social Security survivors benefits for an average wage earner who leaves a spouse and two children is equivalent to a \$295,000 life insurance policy? The average monthly payment for a family consisting of a widow(er) with two children is about \$1,350 per month? Social Security payments increase based on the annual cost-of-living index.

Who gets Social Security survivors benefits?
The largest group of survivor beneficiaries are widows or widowers. They can receive full benefits at 65 or older (reduced benefits can begin as early as age 60). A disabled widow or widower can begin receiving benefits

at age 50. And a widow or widower can receive benefits at any age if she or he takes care of the deceased person's child who is under 16 or disabled before age 22 and receiving benefits. Unmarried children under age 18 (or up to age 19 if they are attending elementary or secondary school full time) can receive benefits. A child can get benefits at any age if he or she was disabled before 22 and remains disabled. In some cases, parents of the deceased worker can receive survivors benefits if they are 62 or older.

Children receive Social Security
More than 3.7 million children receive more than \$1 billion a month in Social Security benefits. Social Security benefits can be paid to a retired, disabled, or deceased worker's biological child, adopted child and dependent stepchild or grandchild. The

child must be under age 18, or be 18-19 years old and a full-time student (no higher than grade 12), or be 18 or older and disabled before age 22.

Social Security keeps families together
Families come in all shapes and sizes. Some families have a disabled worker or grandparent raising grandchildren. The absence or disability of a parent can cause a hardship for the family. Social Security benefits may be the answer that helps keep the family together, regardless of the shape or size of your family. For more information about benefits for families with young children who have a deceased, disabled, or retired parent, call Social Security's toll-free number, (800) 772-1213, and ask for the factsheet *Social Security Benefits for Children* (Publication No. 05-10085).

Children of a Lesser God to be presented at Kirtland Center for the Performing Arts

Kirtland Center for the Performing Arts presents the Tony Award-winning play *Children of a Lesser God* on Saturday, Sept. 30 at 8 p.m., and Sunday, Oct. 1 at 2 p.m., as a culmination of the events honoring Deaf Awareness Week. Tickets range in price from \$10 to \$14 for adults and \$5 to \$7 for students. Produced by the award-winning Cleveland Signstage Theatre Company and presented simultaneously in American Sign Language and spoken English, the production features a combined cast of hearing and deaf actors.

In addition, the American Sign Language classes at Kirtland Community College, under the direction of American Sign Language instructor and certified interpreter, Brenda Dawe, will be sponsoring a panel presentation entitled "Life After

Deaf." This day-long seminar will include a panel discussion with the cast of *Children of a Lesser God* focusing on "Bringing the Gap—Rehearsing and Performing *Children of a Lesser God*," lunch, dinner, access to all panel discussions and admission to the evening performance are included in the \$25 seminar registration fee. For further information regarding Deaf Awareness Week activities at Kirtland, contact Brenda Dawe at (517) 389-4123 (voice and TTY).

Children of a Lesser God is a moving play about a deaf woman's suspicion of the hearing world in general and her speech teacher in particular. She is eventually won over by the latter's charm and love. They get married, but struggle to adapt to each other and to the pressures that accompany the union of the deaf and hearing cultures. The

world of sound and the world of silence cannot be one, yet there is hope.

Written by Mark Medoff and originally produced at the Mark Taper Forum in Los Angeles, *Children of a Lesser God* won the 1980 Tony Award for Best Play, Best Actor, and Best Actress. Critics have called it "a play you will never forget," "a must-see," and "an uncompromising love story told with intelligence, compassion and wit."

This program is supported by Arts Midwest's members and friends in partnership with the National Endowment for the Arts. Tickets for *Children of a Lesser God* are available by contacting the Kirtland Ticket Office at (517) 275-6777. Members of the deaf community may contact Kirtland via the relay center at 1-800-649-3777.

Mr. and Mrs. Rodney Adkison

Golnick, Adkison wed

Sharon Golnick and Rodney Adkison were united in marriage by the bride's uncle, Grayling Mayor Robert Golnick, on Saturday, Aug. 26.

Tena Dixon was matron of honor, and Dennis "Skip" Kaiser served as

best man.

Following the ceremony, a reception was held at the home of the bride's parents, Sally and Harold "Tike" Golnick. Rodney is the son of Etta Adkison of Sparta, TN, and the late Carol Adkison.

The newlyweds reside in Grayling.

Mr. and Mrs. Steve Lehti

McQuaid, Lehti married

Vows of marriage were spoken on Sept. 1, in Wyoming, MI, at St. John Vainney Church, by Genia McQuaid and Steve Lehti.

The bride is the granddaughter of Joyce Shattuck of Shepherd. The groom is the son of Howard and Valerie Lehti of Grayling.

Maid of honor was Cammi Clark of Holland. Cheryl Porter of Rockford, was bridesmaid, and flowergirl was Stephanie Shattuck of Texas.

Chris Lehti of Grayling, was the

best man. Scott Fowler of Coopersville was groomsmen.

A reception was held at the home of Ron and Dorothy Tilma, grandparents of the groom, at Cowan Lake.

The bride attended Ferris State University, and is now employed in Holland. The groom is a graduate of Ferris State University, and is presently employed in Wyoming.

The couple is currently residing in Wyoming.

OBITUARIES

Charity Hope Millard-Prentice

Charity Hope Millard-Prentice, infant daughter of Tanya Lynn Millard of Frederic, and Brian Prentice of Grayling, was stillborn on Sept. 14, 1995, due to injuries from an auto accident. Graveside services will be held Thursday, Sept. 21, 1995, at 5:30, at Maple Forest Cemetery, with Pastor Dan Marciano officiating.

In addition to her parents, other survivors include: grandparents, Sherrie and Daniel Merithew of Frederic, June and Tom Prentice of Howell, and Marty Bostwick of West Virginia; great-grandparents, Joyce Martin of Grayling, Harry W. Lybrink of Pinckney, and Jane Prentice of Howell.

Louella May

Louella P. May, 81, of Maple Forest Township, died Tuesday, Sept. 12, 1995, at her residence. Graveside services were held Friday, Sept. 15, at 11 a.m., at Washtenaw Memorial Park Chapel in Ann Arbor. Arrangements were by Sorenson Funeral Home, McEvers Chapel.

Mrs. May was born Nov. 26, 1913, in Howe, TX. She moved to Grayling three years ago from Deltona, FL, where she had been a resident for 15 years.

Mrs. May was preceded in death by her husband, Webster B. May in 1992, a daughter, Betty J. Swarthout, and her parents, Paul and Myrtle (Rodarmel) Plemmons.

Survivors include: granddaughter, Jody Jones and fiancé Gary Barthlow; great-granddaughter, Heather Jones; and great-grandson, Chris Jones, all of Maple Forest.

Card of thanks

To our fellow officers, dispatchers, emergency service personnel, all of their families, Grayling emergency room personnel, our families, friends and other well wishers (you know who you are), thank you so much for your help, support and prayers. We will never forget you.

Local officials testify in hearings

By Linda Sherwood
Staff Writer

The first of a series of statewide hearings for the Senate Subcommittee on State Land Ownership and Acquisition was held in Grayling on Friday, Sept. 15.

State Senator George McManus, R-Traverse City, said, "Northern Michigan enjoys the tourism and recreational benefits of an abundance of state-owned land, but there can be too much of a good thing, which the folks in Lansing tend to forget."

Approximately 80 percent of Crawford County is owned by either state, federal or local governments. The Department of Natural Resources (DNR) owns nearly 49 percent of Crawford County and 60 percent of neighboring Roscommon County.

Crawford County Commission Chairman Dennis Long testified, "There are times when you can have

too much of a good thing. It's like purchasing a car without taking into account the maintenance costs."

Long voiced concerns about additional state purchases when the state couldn't manage land it already owns. He used the closures of White Pine and Canoe Campgrounds as examples.

County Commissioner Robert Smock Jr. spoke briefly at the hearing. "We have been at a tremendous disadvantage in many ways," said Smock. "Our economic development of Crawford County is limited and adversely affected by the amount of state and federal land." He asked that the state not purchase any more land in Crawford County.

Smock said the county's state equalized value could double if 10 percent of the state owned land was converted to private ownership.

McManus asked Smock and Long to supply the subcommittee with spe-

cific parcels in Crawford County that the county is interested having converted to private ownership.

Reducing the amount of time it takes for the state to decide to sell state land was a big concern for many, including Jerry Meyer of the Grayling Regional Chamber of Commerce and Jerry DeWitt, owner of the Fox Run Golf Course.

Officials from the DNR, the Department of Transportation, county boards and township supervisors from as far away as Clinton, Presque Isle and Midland counties testified at the hearings with a variety of concerns.

Other concerns raised were the failure of the state to pay "its fair share"

for services such as drainage and forest fire protection. Most of the people who testified asked that any use of land should be a mutual effort between the state, the DNR and the local governments.

Other hearings are scheduled in the following locations: Escanaba, Monday, Sept. 25, 10 a.m. to 1 p.m., Escanaba Civic Center, city council meeting room; Pontiac, Monday, Oct. 2, 1-4 p.m., Oakland County Commissioners auditorium in the county complex, 1200 North Telegraph Road; and Grand Rapids, Monday, Oct. 6, 1-4 p.m., city hall, commissioners chambers.

Animal shelter needs volunteers to remain open

The Crawford County Animal Shelter is in dire need of volunteers. Shelter director Dixie Lobsinger broke her foot on Thursday, Sept. 14, while chasing loose cattle.

According to doctors, Dixie will have to have a cast for at least six months and remain on crutches for the first three months. The broken foot will prevent Dixie from taking care of the animals at the shelter.

Volunteers are needed to feed and water the animals, as well as clean the cages. Dixie plans on trying to keep

the shelter open, but may have to reduce the number of hours open.

Before the injury, Dixie was the primary caregiver for the animals. Unless she receives help, the animal shelter cannot continue to operate. Dixie is trying to do everything possible to ensure the shelter remains open.

The animals are fed once a day at about 9 a.m. The cages also have to be cleaned daily and the yard raked. Anyone interested in volunteering can call the animal shelter at 348-4117 or can call Dixie at home.

National Rehabilitation Week celebrated in Crawford County

Persons with disabilities in Crawford County who need help preparing for or finding a job, are encouraged to call their local Michigan Rehabilitation Services (MRS) office during National Rehabilitation Week, Sept. 18-22.

"National Rehabilitation Week is designed to highlight the capabilities of people with disabilities. It's a perfect time for Crawford County residents to learn more about our services," said Chuck Neinhuis, counselor at the MRS office in Prudenville.

A division of the Michigan Jobs Commission, MRS is a state and federally-funded program that helps eligible persons prepare for, find, and keep a job that matches their abilities and interests.

HOMETOWN NEWS

LaChappelle Family Reunion

On Aug. 6, the descendants of Alvin and Cecile Fairbotham LaChappelle, life-long residents of Grayling, held a family reunion at Hanson Hills. Nearly 100 people attended.

Of Alvin and Cecile's four children, Marguerite and Bruce survive. William and Robert are deceased.

Bill's former wife Betty LaChappelle-McFarlane of Grayling, was honored with the presence of all her children now living in Florida, Janet Campbell LaGrow, Richard and Judy Campbell, and Linda and Tom Daly with their daughter, Susan.

Bill's widow, Iris LaChappelle-Corr, also of Grayling, was escorted by all of her children: Monica Ashton and her son Matt of Grayling; Wayne and Linda LaChappelle of Healey, Alaska; Clare LaChappelle of Oviedo, Florida; and children Jason and Nicole; Mike LaChappelle of Grayling, and children Chris, Amy, Nicholas and Sierra; Joelyn and Jim Kruttsch of South Bend, Indiana, and son Brandon; and Dan and Kim LaChappelle of Colorado Springs, Colorado, with sons Tyler and Travis.

Marguerite LaChappelle-Short-Snively-Loftus resides in Norfolk, Virginia. To her blessing, all four of her children attended the event. Sandra Short of Norfolk, Virginia, Jerry Snively of Vail, Colorado, Tom and

Carolyn Snively of Yorktown, Virginia, and Judy and Dave Schloff, Sr. of Chesapeake, Virginia, with son Dave, Jr., of Warren. Friends Jerry and Tue Wendell of Chesapeake, Virginia, accompanied them.

Bob's widow, Edwina, who resides in St. Petersburg, Florida, attended. Their three children, Robert, Jr., Cindy and John could not be present; however her mother, Della Simpson and sister Joan and husband Eddie Murphy of Roscommon, shared the day with Winnie.

Bruce LaChappelle and his wife Pat reside in Millington. They were joined by Cindy LaChappelle of Millington, and her fiancé Tom, along with Cindy's children, Dawn and her son Brandon, Steven, Chris and Matt. Bruce and Pat's other three children, Ricky, Tony and Deanne were unable to make the trip.

A delicious meal was served, the focal point being deep-fried turkeys and rounds of beef done on the rotisserie by Larry Grant.

The count of great-grandchildren, great-great-grandchildren, in-laws, and special friends was never confirmed exactly. Hailing from Alaska to Florida, folks poured in on motorcycles, trucks, cars and planes to celebrate the rewards of the LaChappelle reunion.

BITS OF TALK

By Fay Bovee

Marge Roper, who lives on the AuSable River east of Grayling, has a most unusual geranium. She has it in a half barrel and it has grown so tall that it reaches the eaves on her garage. It is still full of big red blossoms. She winters them over and starts new ones in the spring.

The Christian Help Center received a special unexpected donation when members of the Michigan Travel Trailer Club brought a large amount of goods to the center. The club was camped at the fairgrounds, and for their Saturday get-together, the admission was some canned goods. After they had gathered them, they began inquiring in the community as to who could use the goods, and the center was recommended to them. They camp in various communities yearly, and this is their way of donating to the community.

Pamela Lauman of Townsend, Maryland, spent several days recently visiting her mother, Mrs. Juanita Gibson, and attended her 30th-year high school class reunion. Pamela is a traveling operating room nurse, and called to tell her mother that she would be going to South Carolina for

a while. Other guests of Juanita during the summer were her three grandchildren, who came at different times. They were Michael, Coleen and Matthew Price of Carsonville.

Members of the Kiwanis Club of Grayling, and six members of the Kiwanis Club of Gaylord, who came for an interclub, held their regular Monday noon luncheon meeting at Camp AuSable on Sept. 11. Following lunch, Rex Townsend, director of the camp, spoke and explained the various aspects of the Seventh Day Adventist Camp, which has been a part of the county since 1947. The camp has grown a great deal since its early beginnings, and is now in the process of adding a 400-seat auditorium to the main building, which was the original building at the camp.

Townsend issued an invitation to another lunch or dinner for the club and a bus tour of the grounds. During the winter months, most of the campers attend from Thursday to Sunday, and the other three days of the week are not unusually busy. The club will make arrangements for the tour at a later date, as they enjoyed the hospitality of the camp and the talk by Townsend.

Hartwick Pines hosts 'Old Time Days' Sept. 22-24

Hartwick Pines State Park will be hosting "Old Time Days" on Sept. 22-24. This festival will feature such old-time crafts as blacksmithing, wood carving, spinning, basket weaving and more. This will be the last festival of the 1995 year. This festival will focus on children, but will be of interest to all ages. Activities will run from 10 a.m. to 4 p.m. A motor vehicle permit is required.

MICHIGAN CONSOLIDATED GAS COMPANY GAS FRANCHISE ORDINANCE ORDINANCE NO. 13

AN ORDINANCE, granting to MICHIGAN CONSOLIDATED GAS COMPANY, its successors and assigns, the right, power, and authority to lay, maintain, and operate gas mains, pipes and services on, along, across and under the highways, streets, alleys, bridges and other public places, and to do a local gas business in the TOWNSHIP OF SOUTH BRANCH, CRAWFORD COUNTY, MICHIGAN for a period of thirty years.

THE TOWNSHIP OF SOUTH BRANCH ORDAINS:

Section 1. Grant of Gas Franchise and Consent to Laying of Pipes, Etc. Subject to all the terms and conditions mentioned in this ordinance, consent is hereby given to Michigan Consolidated Gas Company, a corporation organized under the laws of the State of Michigan (the "Company"), and to its successors and assigns, to lay, maintain, operate, and use gas pipes, mains, conductors, service pipes, and other necessary equipment in the highways, streets, alleys, and other public places in the Township of South Branch, Crawford County, Michigan, and a franchise is hereby granted to the Company, its successors and assigns, to transact local business in said Township of South Branch for the purposes of conveying gas into and through and supplying and selling gas in said Township of South Branch and all other matters incidental hereto.

Section 2. Gas Service and Extension of System. If the provisions and conditions herein contained are accepted by the Company, as in Section 6 hereof provided, then the Company shall furnish gas to applicants residing therein in accordance with applicable laws, rules and regulations; and provided further that such initial installation and any extensions shall be subject to the Main Extension provisions, the Area Expansion Program provisions (if and where applicable), and other applicable provisions now or from time to time hereafter contained in the Company's Rules and Regulations for Gas Service as filed with the Michigan Public Service Commission or successor agency having similar jurisdiction.

Section 3. Use of Streets and Other Public Places. The Company, its successors and assigns, shall not unnecessarily obstruct the passage of any of the highways, streets, alleys, or other public places within said Township of South Branch and shall within a reasonable time after making an opening or excavation, repair the same and leave it in as good condition as before the opening or excavation was made. The Company, its successors and assigns, shall use due care in exercising the privileges herein contained and shall be liable to said Township of South Branch for all damages and costs which may be recovered against the Township of South Branch arising from the default, carelessness, or negligence of the company or its officers, agents, and servants.

No road, street, alley, or highway shall be opened for the laying of trunk lines or lateral mains except upon application to the Highway Commissioner or the Township of South Branch or other authority having jurisdiction in the premises, stating the nature of the proposed work and the route. Upon receipt of such application, it shall be the duty of the Highway Commissioners or the Township Board, or such other authority as may have jurisdiction, to issue a permit to the Company to do the work proposed.

Section 4. Standards and Conditions of Service: Rules, Regulations and Rates. The Company is now under the jurisdiction of the Michigan Public Service Commission to the extent provided by statute; and the rates to be charged for gas, and the standards and conditions of service and operation hereunder, shall be the same as set forth in the Company's schedule of rules, regulations, and rates as applicable in the several cities, villages, and townships in which the Company is now rendering gas service, or as shall hereafter be validly prescribed for the Township of South Branch under the orders, rules, and regulations of the Michigan Public Service Commission or other authority having jurisdiction in the premises.

Section 5. Successors and Assigns. The words "Michigan Consolidated Gas Company" and "the Company", wherever used herein, are intended and shall be construed to mean and include both Michigan Consolidated Gas Company and its successors and assigns, whether so expressed or not.

Section 6. Effective Date: Term of Franchise Ordinance: Acceptance by Company. This ordinance shall take effect the day following the date of publication thereof, which publication shall be made within thirty (30) days after the date of its adoption, and shall continue in effect for a period of thirty (30) years thereafter, subject to revocation at the will of the Township of South Branch at any time during said thirty (30) year period; provided, however, that when this ordinance shall become effective the Township Clerk shall deliver to the company a certified copy of the ordinance accompanied by written evidence of publication and recording thereof as required by law, and the company shall, sixty (60) days after receipt of the above documents, file with the Township Clerk its written acceptance of the conditions and provisions hereof.

Section 7. Effect and Interpretation of Ordinance. All ordinances and resolutions, and parts thereof, which conflict with any of the terms of this ordinance are hereby rescinded. In the case of conflict between this ordinance and any such ordinances or resolutions, this ordinance shall control. The catch line headings which precede each Section of this ordinance are for convenience in reference only and shall not be taken into consideration in the construction or interpretation of any of the provisions of this ordinance.

Ayes: Weiler, McGillis, Mollon, Musselman, Huffman.

Notice Of Public Hearing On Increasing Property Taxes

The Board of Commissioners of the County of Crawford will hold a public hearing on a proposed increase of .26973 mills in the operating tax millage rate to be levied in 1995.

The hearing will be held on Tuesday, October 3, 1995, at 11:00 am at the County Building, 200 W. Michigan Avenue, Grayling, MI 49738.

The date and location of the meeting to take action on the proposed additional millage will be announced at this public meeting.

If adopted, the proposed additional millage will increase operating revenues from ad valorem property taxes 9.64% over such revenues generated by levies permitted without holding a hearing. If the proposed additional millage rate is not approved the operating revenue will increase by 3.49% over the preceding year's operating revenue.

The taxing unit publishing this notice, and identified below, has complete authority to establish the number of mills to be levied from within its authorized millage rate.

During the term of his probation he shall have no unsupervised contact with minor children under 16 years of age. He shall not engage in the use of illegal drugs or be around anyone who does.

Mark Muriel, age 28 of Grayling, appeared before the judge for violating his probation. Muriel pled guilty to Count I: Failure to Report. In exchange

for his plea, Counts 2-5 were dismissed. He will be scheduled for sentencing. Jeffery Harold Strause, age 42 of Grand Ledge, violated his probation by Failing to Report. Strause's

probation was extended one year. The charge for failure to Report was dismissed, other matters were held in abeyance pending his success on probation.

Lowe sponsors area tourism conference

Encouraged by the economic development potential of the region's rural communities, a bipartisan group of lawmakers is sponsoring a northern lower Michigan Legislator's Conference on Tourism at Sylvan Resort in Gaylord on Oct. 22-23.

State Rep. Allen Lowe, a member of the House Tourism and Recreation Committee, is coordinating the event with Rep. Beverly Bodem, R-Alpena, and other regional lawmakers. They are being assisted by the Travel,

Tourism and Recreation Resource Center at Michigan State University. "The focus will be on strengthening the economy of our rural areas," said Lowe, R-Grayling. "Participants from the public and private sector will explore strategies to shape the future of northern Michigan's tourism industry."

The regional conference was developed after Lowe sponsored two area seminars on tourism promotion. Last year, Lowe also introduced a House resolution urging the Michigan Travel Commission to establish a Rural Tourism Revitalization Task Force to help the state assess its resources and use them wisely.

"I'm excited that this event is occurring in the 105th District. The conference will provide information while sharing realistic strategies on how to develop and enhance the tourism industry in our region," Lowe said.

Conference topics include travel and telecommunications, marketing strategies and government involvement in tourism. Scheduled speakers include Doug Rothwell, director of the Michigan Jobs Commission; Don Holecek, director of the Travel, Tourism and Recreation Resource Center; and Dick Zemmin, Mich-Con. They will be joined by a variety of regional leaders.

The early registration fee for the conference is \$45, which includes conference workshops, materials and sponsored meals. The deadline for early registration will be Oct. 6. Registration after Oct. 6 will be \$60.

For additional information, contact Lowe's office at (517) 373-0829, or Mick Lalopa, Travel, Tourism and Recreation Resource Center at (517) 353-0793.

Forty graduate Hunter Safety

An intense weekend of Hunter Safety instruction, sponsored by the Camp Grayling Conservation Club, proved successful for forty new hunters who recently passed their certification tests. A Hunter Safety certificate is required for all 1st-time hunters to be licensed.

Students, ages "almost 12" through adult, were guided through 11 hours of instruction in such topics as firearm safety, hunting regulations, hunting techniques, etiquette, and sportsmanship, by Dennis Palmer and Wally Walsh of the Camp Grayling Conservation Club, along with Brian McMann of WQON.

"This is the sixth annual Hunter Safety course sponsored by the club," explained Palmer. "They must have paid attention to the instruction; everyone passed the state written exam on their first attempt."

Lunches and snacks for the Saturday and Sunday sessions were provided by McDonald's, Burger King and the Iron Gate Restaurant.

House bill would restrict college strikes

By Matt Smith

Capital News Service

College faculties would face many of the no-strike restrictions that public school teachers and staff now have, under a bill proposed by a trio of Republican legislators.

Supporters and opponents alike view the bill, sponsored by Rep. Walter DeLange of Grand Rapids, and co-sponsored by Reps. Jessie Dalman of Holland, and Harold Voorhees of Wyoming, as an extension of a 1994 law.

It is intended to prohibit teacher strikes in higher education by means of fines equal to one day of pay for each partial or full day on strike. Workers who are penalized would not be reimbursed for time lost.

On the management side, employers found to be engaged in lockout tactics would be fined \$5,000 for each full or partial day of the lockout, and members of that school's governing board \$250 for the same period.

Fines would be deposited in the state school-aid fund.

"It's meant to parallel the changes made in K-12," LeLange said. "Of course, as it was in K-12, teachers and organized labor are very much opposed to it."

In addition to the no-strike material, the bill would prohibit several issues from the collective-bargaining process. Employers would have the right to:

- Determine who will be the policyholder of an employee group insurance benefit; however, levels and types of coverage and benefits are still negotiable;

- Modify or establish the school calendar;

- Establish minimum workload requirements;

- Use volunteers, students, or part-time employees.

Higher education employers also would be able to decide issues related to creation or elimination of educational programs, staffing and technological issues in experimental or pilot programs, institutional tenure policy and contracting support services to a third party.

DeLange said he expects the vote to be strictly along party lines, since it is a management-labor issue.

Some laborers—instructors and support staff—are not pleased to see this bill moving in the Legislature.

"It appears to me to be an attempt on the part of the governor to take away some of our rights in collective bargaining," said Cliff Denay, president of the North Central Michigan College faculty and Professional Staff Association. "We don't have a problem working with our administration."

Denay said when restrictions were placed on teachers in K-12 public education, he and his colleagues believed it only would be a matter of time until similar changes came to affect them.

"I think every person who works in public schools, public universities and community colleges in Michigan, understands the governor's position," he said.

Gov. John Engler has not yet expressed an opinion on the bill.

Robert Graham, president of North Central Michigan College, said that there would be a few potential problems that could arise between union and management, should the bill be enacted in its present form.

"Our health plan is mandated by contract, so there might be one problem, he said. Teacher workloads and working conditions are negotiated in contract talks now, but would be left to the governing board under the bill.

David Bowman, Michigan Education Association (MEA) Uniserv director for the Petoskey area, said his greatest qualms are over the mediation provisions in the bill. When a bargaining impasse is reached, the employer could implement its "last best offer," regardless of whether all impasse resolution procedures had been attempted.

"It allows the employer to impose its last offer," Bowman said. "That's insane—it makes mediation a useless exercise. It would remove any rationale for good-faith bargaining."

"It doesn't level the playing field; it tips it over to the side of administration," Bowman added.

Voorhees said that the playing field is already skewed; while staff can sell their services elsewhere, the college is limited to a specific location.

"Institutes of education have a calling to serve the local community," he said. "Management has a responsibility to control its product. The idea was accepted in K-12; it should be accepted here as well."

1996 natural heritage program small grants available

Department of Natural Resources (DNR) Director Roland Harnes announced recently that applications are being accepted for the 1996 Natural Heritage Program Small Grants. Grants of up to \$5,000 will be awarded through Michigan's Nongame Wildlife Fund, a fund supported through citizen contributions on state income tax forms. Projects which are eligible are those that benefit Michigan's nongame wildlife and endangered plants and animals and their habitats.

"These grants offer an excellent opportunity for people to become directly involved with nongame wildlife and plant species research, management and educational projects," Harnes said.

Projects funded during 1995 included recovery plans for some of Michigan's threatened and endangered fish, a study on the effects of a herbicide on frogs and toads, construction of osprey nesting platforms, and a study of dwarf lake iris.

Project proposals must reflect the goals of the Natural Heritage Program, which are to identify, protect, manage

and restore active plant and animal species, natural communities, and other natural features, and to promote the knowledge, enjoyment, and stewardship of Michigan's native species and ecosystems for present and future generations. All proposals which focus on nongame species and their habitats will be considered. Projects must be directed toward public use and public benefit. Those proposals that have matching funds and those directed toward threatened and endangered species receive highest priority. Projects must be completed in 1996.

All individuals, groups, and governmental units are eligible to submit proposals. Proposals will be reviewed by DNR biologists and other technical experts and advisors to the Nongame Wildlife Program. Proposals must be postmarked or delivered to the Wildlife Division by Nov. 17.

For detailed application information, send a stamped, self-addressed envelope to Natural Heritage Grants, DNR Wildlife Division, Michigan Department of Natural Resources, P.O. Box 31080, Lansing, MI 48909-7944.

Relive the past at Wellington Farm Park "Walk through history"

THE OLD BLACKSMITH SHOP--This blacksmith shop is a true representation of an early shop, and will be in full production during Wellington Farm Park's "Walk through history" on Saturday and Sunday, Sept. 30 and Oct. 1.

Local resident wins lottery—again!

Whoever said lightning doesn't strike twice? Grayling resident Larry Davis, Sr. proved it can.

Davis won the \$100,000 "Cash 5" top prize on Dec. 31, 1993, and just recently won \$10,000 playing the Lottery's new "Winning Deal" instant game.

In fact, Davis is the first to win the \$10,000 top prize in the "Winning Deal" instant game, which went on sale recently at Lottery retailers statewide.

"I was surprised to win again—you just never know," said Davis when he came to Michigan Lottery headquarters in Lansing to claim his prize.

"I scratched off my ticket at home and went to show my wife. She was sitting in the hot tub we bought after

we won the \$100,000 'Cash 5' prize," he said.

"I got out of that hot tub real fast," said Davis' wife, Lois. "We were really happy—and very lucky!"

Davis said he buys 10 tickets every time the Lottery introduces a new instant game, which is at least twice a month.

"We just celebrated our 37th wedding anniversary," he said. "This is a nice wedding anniversary gift."

Davis, 55, works in sales at McLean's Ace Hardware. He said he hasn't yet decided what he'll do with his top prize.

He purchased his winning "Winning Deal" instant ticket at Ole Dam Road Party Store in Grayling.

WELLINGTON FARM PARK--(Clockwise from above L) Howard Taylor demonstrates the use of an early hand-crank grist mill, an early gasoline mobile engine, a hay mower, the original sawmill of the Wakeley homestead, blacksmith's forge and a man-made fence-post cutting machine.

All the machinery pictured here is in full operational condition and will be demonstrated or working during the park's "Walk through history."

VIKING POWER--
Senior Miggon Andersen (with the ball) prepares to go up for the shot in a recent game against Onaway. Senior Amy Neal (L) charges in for the rebound.

The Vikings easily defeated the Onaway Cardinals, but later were defeated twice in one week.

Their first defeat came at the hands of the Petoskey Northmen, one of the perennial powerhouse teams of the north.

The second defeat was handed out by an exceptionally talented Roscommon Buck team.

This Thursday, Sept. 21, the Viking girls will host the Alcona Tigers.

GRAYLING COUNTRY CLUB NEWS

By Irv McIsaac

The Grayling men's golf league finished the season on Sept. 12-13. At the end of the season there is a play-off to determine the championship in each flite.

The red flite on Tuesday was won by Luke Petrosky and Jim Parkinson. They won both halves, so they are the champs.

The white flite first half, on Tuesday, was won by Ray and Barry McClanahan. The second half was won by Kenny Smith and Irv McIsaac. There will be a play-off to determine the overall winner.

The blue flite on Tuesday was won by Pat Money and Dave McClan. They won both halves and are the champs in their flite.

On Wednesday, the league has two

flites, red and blue.

The first half was won by Don Smith and Bill Rutter, Sr. in the red flite. The second half by Mick McNamara and Dave Lovely. There will be a play-off.

In the first half, the Wednesday blue flite ended in a tie by Alex Marenko and Tom Hall, and Al Zigala and Bill Worden. The second half was won by Rudy Martinez and Dale Papendick.

The men's league had 200 golfers on Tuesday and Wednesday. We had a great season, the course was in great shape, and the men had a great time.

We have Presidents' Day coming this Tuesday and the league party Saturday, Sept. 23, which will end the season, except for the play-offs.

I will be back to inform you of the final winners.

Rogers City Hurons beat GHS Viking gridders 40-13

The visiting Rogers City Hurons, rated in the top 10 of Michigan class-C football teams, proved they are tough on Friday, Sept. 15, by beating the GHS Vikings by a 40-13 score.

Viking coach Rodney Patterson blamed the mistakes that defeated the Vikings on the coaching staff.

"If we could have eliminated a few of the mistakes," Patterson said, "it could have been a different story. We, as coaches, take full responsibility for the mistakes."

Despite coming out on the short end of the score, the Vikings played no-quit football, showing moments of exceptional talent.

Senior Quarterback Joe Godlewski completed four-of-eight passes for 43 yards. In the process he threw one touchdown pass, but suffered two interceptions.

Seniors Ryan Schlehuber and Chris Kucharek rushed for 21 and 27 yards respectively, and junior David Sabin rushed for 26 yards.

On defense, Kucharek totaled 10 solo tackles with three assists and one interception.

Senior Andy Perrin had seven tackles and three assists, and junior Ben Haskel had six tackles, two assists and recovered one fumble.

On Friday, Sept. 22, the Vikings travel to Kalkaska to take on the Blue Devils.

REAP announces environmental award

Responsible Environmental Action Partnership (REAP) announced recently the establishment of the first annual O. B. Eustis Environmental Award, and invites any citizen of northeast Michigan to nominate potential award winners. The purpose of the award is to recognize environmental excellence and highlight positive ideas that have been successful in advancing the environment in northeast Michigan. The award winners will be identified and awards bestowed at a ceremony in December of this year.

There will be winners in three categories: 1) individuals, 2) companies, and 3) organizations. The general criteria for the awards are projects conducted by "a person, group, or business that has consistently represented a balance long-term view of reconciling the protection of the environment with the intelligent use of our natural resources." The award was named for O. B. Eustis because his career as an industrialist, an environmentalist, and a nature columnist was an excellent example

of the criteria for the award.

The nominees must come from the 8-county region of northeast Michigan including the counties of Crawford, Alcona, Alpena, Cheboygan, Montmorency, Oscoda, Otsego and Presque Isle.

The selection committee, that will select the award winners, was chosen from around the region and has the following people: Jack Pilon from Grayling, Ginny French from Alpena, Mary Ann Heidemann from Rogers City, Richard Karsen, Sr. from Lincoln, Harry Whiteley from Rogers City, Jim Zavistak from Hillman, and Jan Kellogg from Gaylord.

Citizens are encouraged to call or write REAP to obtain a nomination form: REAP, P.O. Box 642, Alpena, MI 49707, or phone (517) 354-3623.

Hunting & Fishing Weekly Update

RUFFED GROUSE SEASON--opened this last Friday, and a great opener it was, with the hunters seeing more birds than they have in years. They seem to be in all corners of the county. There are lots of young birds. They must have had a good hatch this spring. The squirrel hunters that I've talked to have found quite a few in the oak ridges. Archery deer season is less than two weeks away, so you'd better start getting ready for that. Everyone seems to be seeing deer this fall all around the area.

The salmon are showing up most places now. There are some kings at the Carp River at St. Ignace, also pinks in the St. Marys and the Two Hearted in the Upper Peninsula.

Feel good. For nothing.

Health Fair '95 is Saturday, October 7 from 10 am to 3 pm. The caring professionals at Grayling Mercy Hospital, along with other community health care providers, will be showcasing a lot of services for feeling fit. All of this at a most reasonable price. Free.

... Your Ticket to Good Health

Quality Matters is our theme this year. At Mercy, quality health care is more than a slogan. That's why we're teaming up with other providers to offer free blood sugar and pressure checks, blood oxygen level, lung function screens, cholesterol tests and more.

October 7. A day to remember. You might come for one of the many health screens, to find the name of a good doctor, or to get a new 1996 health calendar. In each case, you will learn something and it will cost you

nothing. **Healthy Children.** To delight the children, we're offering the fun and educational See and Touch Clinic

where youngsters can explore the instruments and equipment health professionals use. Children can get weighed and measured. Or walk away with a finger cast by our Emergency Department nurses. Plus entertainment, food and prizes for everyone.

So come join us Saturday, October 7 at Grayling Mercy Hospital. Where "Quality Matters" every day.

For more information, call our Mercy Healthline nurse at 1-800-33-MERCY.

SEARS

Nominations open for 7th senior citizens' awards

Retirement can mean rest and relaxation, yet some take that time and devote it to helping others. These senior volunteers are heroes of the human spirit and champions for community goodwill. In its efforts to honor Michigan seniors who have made outstanding volunteer contributions to their communities, Citizens Insurance Company of America is seeking nominations from the public.

Known for the past six years as the Concerned Citizens Awards, the program has been renamed the Citizens Insurance Seniors Awards to note its focus on senior volunteers. Ten

nominees from across Michigan will be selected as award recipients. Each finalist will receive a \$500 cash prize and a \$500 donation to the charity of his or her choice.

Nominations will be accepted through Oct. 14, and are available from participating independent insurance agents for citizens, United Way agencies, senior citizen centers, or by calling Citizens Insurance Company, toll free, at (800) 388-1300.

Last year's senior honorees represented many areas of Michigan. Sara Rayford of Detroit, developed a neighborhood-watch program, cleaned

vacant lots, and educated students about the value of their community. Bill Cayo of Interlochen, spearheaded two large projects that brought recreation and recognition to his city, including a memorial for local veterans who were killed in World War II.

Frank Formentti of Mt. Clemens devoted 40 hours per week at Clinton Valley Center and St. Joseph Hospital to improve the lives of the mentally ill. In Midland, Ernie Goodshaw put his construction talents to work and volunteered for seven different organizations such as Habitat for Humanity, Shelterhouse and Midland-

Gladwin Community Health, to name a few.

Citizens Insurance Seniors Awards asks that nominees be residents of Michigan, who are at least 60 years old. Individuals who are paid for their community or charitable work are not eligible—only volunteers. Previous Concerned Citizens candidates may be nominated again if they were not award finalists.

The 10 finalists will be selected by a panel of judges, which in past years have included representatives of businesses, public agencies and the news media.

SENIOR CITIZEN NEWS

By Jan Farley

Special thought for the week: The obscure we see eventually; the obvious takes a little longer.

Two busses full of seniors went on the Out To Lunch gang trip to the Petoskey Center on Tuesday. We had a grand time and learned many new things about their operation. Once again, we are always glad to return to our center; warts and all, it still is one of the nicer centers around. Come see for yourself the next time the Out To Lunch gang hits the road.

You know, there could be a lot more people enjoying themselves if they would only take advantage of our trips and activities that are offered through the Commission on Aging and Senior Citizen Center. Keep checking this column as well as the Senior Gazette, our monthly news bulletin and give us a call. We can give you more information, sign you up, or just chit-chat about something that might interest you. Stop in or give us a call

at 348-7123.

We wish all our "Snow-Bird" friends greetings of the season at our Christmas dance on Monday. The center took on a very festive Christmas look and well wishers were on hand to eat, drink and be merry!

We still need a piano player for our kitchen band. Give us a call at 348-7123.

Come and eat at the center. The meals are tasty, well balanced, and it is really the best deal in town! Any senior, or spouse, that is 60+ is welcome, and bring your friends and families. The suggested donation is \$1.50 for seniors and a \$2.50 charge for those under 60.

Take note! Reservations are recommended, however, we can always take a few walk-ins - but for the most part, try and call ahead (348-7123). Meals are served at noon and 5 p.m., Monday through Thursday and noon only on Fridays. Menus are subject to change and are listed as

lunch/dinner.

Sept. 20-BBQ Chicken/Pepper Steak;

Sept. 21-Salisbury Steak/Baked Ham;

Sept. 22-BBQ Beef;

Sept. 25-Pork Chips/Spaghetti & Meatballs;

Sept. 26-Kielbasa Baked Dinner/ Beef Stew;

Sept. 27-Salmon Patties/Veal Parmesan;

Sept. 28-BBQ Chicken/Macaroni & Cheese w/Hot Dogs;

Sept. 29-Roast Beef.

Coming Events

Kirtland offers "Introduction to Windows"

Kirtland Community College offers a 1-day "Introduction to Windows" (Version 3.1) computer class on Friday, Sept. 29, from 9 a.m. to 4 p.m., as part of its Community Services program.

The class is for those who are familiar with the computer and would like to learn the basic elements of the "Windows environment."

No previous experience with Microsoft Windows is necessary. Students will learn the components of Windows and how to use them.

Larry Murray is the instructor of the course, which will be held in Room No. 252 in the administration building on the Kirtland campus. The fee for the course is \$42.

For more information, or to register for the course, contact Kirtland's Community Services Office, (517) 275-5121, ext. 210.

Ancient star cluster visible in Michigan's September skies

One of the most ancient objects visible with the naked eye, the great globular star cluster in the constellation of Hercules, the Hero, can be seen in Michigan skies this month, according to University of Michigan astronomer Richard Teske.

This star cluster formed shortly after the birth of the universe, and was already eight billion to 10 billion years old by the time our sun and its planets were born. Astronomers study the Hercules star cluster and others like it to determine just how old the universe really is.

"Michigan skywatchers can find Hercules almost directly overhead just after dark," Teske said. "The cluster lies about a third of the way between Hercules' western shoulder and waist, where it appears as a fuzzy, faint star. Choose a haze-free night and look for it from a dark location away from city lights and shopping malls."

"Seen with a small telescope, the Hercules star cluster appears about a third as large as the full moon, its hazy glow broken up into many tiny star-points of light. Astronomers estimate the cluster contains about one million stars crammed together into a globe-shaped area 100 light-years in diameter," Teske said. "Despite the immense number of stars, the cluster looks faint and small, because it is about 23,000 light-years from Earth."

"Stars in clusters swarm together like a spherical horde of gnats on tranquil late summer evenings," Teske said. "Around 130 globular star clusters have been discovered in our Milky Way galaxy. All are very distant from us."

"Imagine the flat, spiral Milky Way galaxy spread out on the floor of a 2-

car garage," Teske explained. "It is about 80,000 light-years across. Each globular cluster would be the size of a pencil eraser and each star a microscopic dot."

Globular star clusters have attracted astronomers' attention because of their great age, which is uncertainly estimated to be around 13 billion to 15 billion years. They are the oldest datable astronomical objects known, and astronomers cited their ages as evidence that the universe must be more than 13 billion to 15 billion years old.

"This hypotheses received a nasty blow recently when the Hubble Space Telescope uncovered evidence that the universe may only be 10 billion to 12 billion years old, making it younger than these star clusters," Teske said.

Faced with a glaring discrepancy between the ages of star clusters and the universe, astronomers are now studying globular clusters intensively. One group of scientists is trying to find double stars in the clusters, stars so close together they orbit around one another in much the same way as Earth orbits the sun. The ages of such paired stars can often be independently appraised by careful observation.

"Still waiting offstage in the scientific wings are attempts to make independent estimates of the age of the universe. This is usually done by comparing the distances of far-off galaxies with the speed at which the universe is expanding," Teske explained.

"Some scientists think the comparison has not been done correctly and that an incorrect age has been proposed. It could take years to find the solution to the problem."

Kirtland Foundation announces writing/art competition

For the second year, the Kirtland Community College (KCC) Foundation will sponsor a writing/art competition for area high school students. Foundation President Dr. Julia Berg said that because of last year's success, "the Foundation is delighted to sponsor the competition again this year."

The contest is open to any high school student in Grayling, Mio-AuSable, Ogemaw Heights, Fairview, Houghton Lake and Roscommon high schools. This year, there are six categories in which students may enter: fiction, non-fiction, journalism, poetry, 2-dimensional art, and 3-dimensional art. A \$50 first prize and a \$25 second prize will be awarded in each category. Finalists in all categories will have their work published in *Creative*

Visions From The North Woods. A special editor's choice prize of \$25 will be given to the student whose artwork is selected to appear on the cover of this year's book.

The deadline for entries is Jan. 15, 1996. They should be submitted to Dr. Steven L. Berg, Kirtland Community College, 10775 N. St. Helen Road, Roscommon, MI 48653. Arrangements will be made to pick up art work at area high schools during the week of Jan. 15. Finalists will be announced in February. Individuals who are interested in obtaining copies of the contest guidelines may contact Dr. Berg at (517) 275-5121, ext. 394.

KCC President Dr. Dorothy Franke said that judges from around the world will assist with this year's contest. Franke said that "Winston Priest, will

judge the non-fiction entries from his office in Tokyo." Since 1974, Priest has lived in Tokyo where he was an editor for Time-Life Books for 12 years. He now works as an editor at the Tokyo office of Springer Verlag, and international publisher of medical and scientific books and journals. He is the author of a number of books on teaching English as a foreign language.

Fiction judge John Smolens is the author of *Winter By Degrees* and *Angel's Head*. Smolens teaches at Michigan State University. Last April, he appeared at Kirtland's campus as part of the Controlled Burn Reading Series.

Chicano poet Trinidad Sanchez will choose the poetry winners from his home in Texas. Sanchez is the author of *Why Am I So Brown?* and several

other books of poetry. He is the co-founder of the San Antonio Poetry Festival and was one of the original H.I.P. Poets (Horizon in Poetry) out of Detroit.

With more than 20 years of newspaper experience in West Virginia, Charlie Bishop is an ideal choice to select the journalism winners. Bishop now owns the Bishop of Books, a publishing house specializing in AA related books.

Midland artist Kathy K. Jones will judge the two art categories. One of Jones' primary interests is creativity. She has been involved with Northwood University's Alden Dow Creativity Center and its Conference on Creativity in American Colleges and Universities. From 1979 to 1982, Jones studied and taught art in Hong Kong. Her paintings and drawings have been included in many Michigan exhibitions and are currently on display at the Midland Center for the Arts. *I Am Color*, a short video which features Jones' poetry and artwork, is available for viewing at the KCC Library.

Franke said "It speaks well of Kirtland to be able to attract such a diverse group of distinguished judges." She emphasized that "All of the judges have volunteered their time to assist the school."

Louise Bucco, KCC librarian, said that the college is planning an exhibit of the high school artists' work in the KCC library. The exhibit, which will run next April, will include an author's and artists' reception on April 20. "This is the first day which the 1996 edition of *Creative Visions From The North Woods* will be available," Bucco said. "Last year's book signing was an exciting day for the students who were published."

BECAUSE SPORTSMEN PAY OVER \$3 MILLION EACH DAY FOR CONSERVATION...

America's "Un-endangered Species"

WHITE-TAILED DEER

IN 1900: An official survey estimated that less than 500,000 white-tailed deer remained in the U.S.

TODAY: Some 18 million white-tails roam the nation's forests thanks to conservation programs financed primarily by hunters and anglers.

Many Americans don't realize the pioneering role hunters and anglers have played—and continue to play—in the nation's organized conservation movement. Or the fact that these sportsmen and women have contributed more than \$18 billion to date for wildlife restoration and conservation programs.

THE WHITE-TAILED DEER ISN'T THE ONLY SPECIES TO BENEFIT FROM THE SPORTSMAN'S DOLLARS:

WILD TURKEY	PRONGHORN	CANADA GOOSE	ELK
IN 1900: The U.S. wild turkey population numbered less than 100,000.	IN 1945: The pronghorn antelope population dropped below 12,000.	IN 1947: Only about 1.2 million remained in the U.S.	IN 1907: A survey found that only 41,000 elk remained in the U.S.
TODAY: Habitat restoration and conservation efforts have returned its population to about 4.5 million nationally.	TODAY: Relocation and restocking programs have returned it to about 1 million animals.	TODAY: Wetland habitat reclamation has increased the Canada Goose population to about 3,760,000.	TODAY: Efforts by sportsmen and conservation groups have restored it to approximately 800,000.

Virtually every species of American wildlife—from songbirds and chipmunks to bald eagles and whooping cranes—benefits from wildlife conservation programs supported through the sale of hunting and fishing licenses and proceeds from special excise taxes on hunting and fishing equipment.

To recognize these contributions to protect our wildlife and the environment, Congress established **National Hunting & Fishing Day** in 1972, to be celebrated the fourth Saturday of September each year. This year, on **Saturday, September 23**, join America's hunters and anglers in supporting conservation.

BOOMER NEEDS A HOME--Boomer is a 1-and-a-half-year-old springer spaniel. He is housebroken. If you would like to give him a home, or any of the other animals at the shelter, stop by the Animal Shelter of Crawford County, or give them a call at 348-4117.

PET CARE TIPS

When grooming your dog, it is a good idea to use a table or bench that allows you to get close without bending, says the National Humane Education Society. Make sure the table doesn't wobble, and place a rubber mat on top of it to give your dog secure footing.

A LOOK AT OUR PAST FROM THE PAGES OF THE AVALANCHE

23 years ago
Sept. 21, 1972

The 1972-73 school year is well under way and it looks like the 9-12 enrollment will level off somewhere around 640. This means an increase from 574.

Increasing enrollment has brought about several problems in the scheduling of classes. We have had far more typing students and art students than we could handle during the regular day. To solve the problem, an extra period of art and typing has been gained by scheduling a class of each to begin at 8 a.m. instead of 9 a.m. Those students are then dismissed from school at 2:30.

Nationally-known artist and teacher, Dorothy R. Stockbridge, has arranged to spend the winter season in Grayling. She is married to Police Sgt. Donovan D. Stockbridge. They have three sons, two of whom are attending Grayling schools this winter.

Considerable and inexcusable damage was done by vandals who broke into the Grayling Elementary School over the weekend, according to Supt. Joseph Stripe. Spray paint was sprayed over the oil painting hanging in the hallway. The picture was purchased by the students and given to the school in memory of Sandy Harland.

The top was ripped off and most of the hammers were broken off the piano, which the teachers purchased about three years ago. Office supplies were taken from the cabinet in the secretary's office and thrown about, the fire extinguishers were all emptied and bottles of bowl cleaner were broken and poured around. The stage curtain in the multi-purpose room was slashed and torn.

The vandals gained entry by breaking a window in one of the second grade rooms sometime over the weekend.

According to Garry Barrow, Grayling High School art teacher, Gary Beatty, a sophomore, has been awarded first place in the statewide Water Safety Poster Contest.

Beatty became the winner of a \$100 savings bond. In winning the contest, he beat students from 78 Michigan counties. He is the son of Mr. and Mrs. Al Beatty of Grayling.

Pat Harwood, Merle Hartman, Leonard Nusbaum, Jim Kinsman, Fred Schaibley, Walter Dudek, Henry Goulette and Glen Bunker enjoyed a vacation in the Upper Peninsula.

Fifty Grayling area senior citizens,

along with their director, Lora Gould, are in Hawaii for a 2-week vacation. They will visit Maui, Kauai, Hawaii and Oahu. They are expected back Sept. 30.

Army Private Dale L. Papendick, son of Mr. and Mrs. Leroy H. Papendick of Grayling, recently completed eight weeks of basic training at Ft. Leonard Wood, MO. He is a 1970 graduate of Grayling High School.

The second annual Harwood family reunion was held Sunday, Sept. 17, at Hartwick Pines. There were 40 in attendance. Mrs. Helen Harwood and Dawn Harwood received gifts for the oldest and youngest present. Jack and Joan Rasmussen were elected to serve as president and secretary for next year.

Mr. and Mrs. Leonard Wilkins and Mr. and Mrs. Rolly Wilkins spent the past weekend in Ohio, visiting the rest of the Wilkins children and the grandchildren.

The Grayling Mercantile Company is opening the doors of the new store at 9 a.m. this morning. The new 40 x 88 foot building occupies the same location as their old store did on Michigan Ave. The store, said to be one of the most modern in Michigan, is of fire-proof cinder block construction with steel reinforcement throughout. The visual front runs the entire width of the building and affords the passerby a fine view of the store.

Three new cases of polio raised the 1949 figure in Crawford County to five during the past week.

Frank and Hugh Bissonette of Oscoda, again won the 240 mile endurance test down the AuSable River from Grayling to Oscoda, and clipped one hour and one minute from the 19 hour and 58 minute time that they set in winning in 1948.

Mr. and Mrs. Earl Dawson and son, Dick, returned home from Ann Arbor on Tuesday last. Mr. Dawson has been on vacation from his duties at the A&P Store.

Mr. and Mrs. Menno Corwin drove their daughter Joan to Mt. Pleasant last Tuesday, where she entered Central. Miss Joan hopes to become a kindergarten teacher.

Mr. and Mrs. Harry Wright and Miss Mary Jane Wright of Lansing, spent the weekend at their Grayling home on Park Street and attended the Canoe

Marathon.

Ernie Parsons, son of Mr. and Mrs. Carl Parsons, and Dick Rasmussen, son of Mr. and Mrs. Harold Rasmussen, left Sunday for East Lansing, to enter Michigan State College.

Mr. and Mrs. Devere Dawson and son, Stephan, drove to Midland last Thursday. Mrs. Dawson and Stephan remained for a visit with her parents, Mr. and Mrs. Joseph Merrill.

Mr. and Mrs. Vern Sulle of Tokyo, Japan, were to arrive on Tuesday to visit her sister and family, the Matt Bidvias.

Miss Emily Giegling invited 34 ladies to her home last Thursday evening to honor Miss Rose Bishaw.

Mr. and Mrs. Arthur Carlson and daughters, Christine and Julie, left for their home in Battle Creek, after spending two weeks with her parents, the H. V. Meechs. Amber Ionia Meech returned with them to spend the winter in Battle Creek.

The Charles Corwin farm was the scene of a double birthday celebration last Sunday afternoon, honoring Edward and Kathryn DeWitt of Roscommon. They are the grandchildren of Mrs. Corwin.

69 years ago
Sept. 23, 1926

Mr. and Mrs. George Burke had as their guests at their cottage at Lake Margrethe, Sunday, Mrs. J. A. Jackson of Gaylord, and daughter, Mrs. Thomas E. Keating of Detroit. Mrs. Burke pleased her guests with a wild duck dinner.

Clarence Gross left last week to attend Molder Barber College in Detroit.

F. Schriber of Saginaw, is the new pharmacist at the Central Drug Store. Mr. Schriber is a graduate of the University of Michigan.

A motor trip to Alpena and other places was enjoyed Sunday by Mr. and Mrs. P. F. Jorgenson, son Einer and Mr. and Mrs. L. Jorgenson and daughter.

Reginald Sheehy entertained seven of his friends at dinner Thursday evening to celebrate his 13th birthday. After dinner he took his guests to see *For Heaven Sakes*, featuring Harold Lloyd, that was showing at the Opera House.

Mr. and Mrs. Henry Stephan of the AuSable, with Mr. and Mrs. Harold Skingley of Mancelona, motored to Detroit Friday to attend the aerial meet at Selfridge Field.

Become part of an interdisciplinary hospice team assisting individuals by providing supportive care during the final phase of life. We are currently looking for qualified individuals to fill the following positions.

Part-time Clinical Supervisor. Responsibilities include coordinating and managing the daily workload and documentation of staff, assisting with coordination of services and utilization of community resources, identifying individual client need for all types of hospice care, assigning a primary nurse to each new client, initiating appropriate hospice services based on screening and assessment results, maintaining documentation on client care, and quality improvement activities.

This position requires a Registered Nurse with a current license or permit from the State Board of Nursing, BSN preferred, two years experience in community health nursing, hospice experience preferred. Also required is a working knowledge of home medical equipment, well-developed communications skills and previous supervisory experience.

Part-time Hospice Social Worker. In this position you will be responsible for assessing the patient/family psychosocial needs. As a member of the interdisciplinary team, you will assist in developing a holistic plan of care for each patient and their family. You will serve as a resource for community services, provide grief/loss counseling for patients, and provide emotional support to the team. The successful candidate will possess a master's degree or a bachelor's degree in social work, and at least two years experience in a clinical setting, preferably in a hospice setting.

Frederic Township restructures salaries

By Linda Sherwood
Staff Writer

Members of the Frederic Township Board voted to approve a salary increase at its meeting on Tuesday, Sept. 12.

The board received two recommendations from the compensation advisory committee regarding salary increases. The first suggestion was a three percent increase across the board. The second suggestion was to eliminate the health insurance option for elected officials and increase their salary accordingly.

The board voted unanimously to eliminate health insurance for elected officials and to increase salaries by approximately \$2,000 for each position. The elimination of health insurance will save the township approximately \$300 a month based on three of the six elected officials optioning to accept the insurance. In the future, the elimination of the insurance option could save even more if more officials elected to have insurance through the township.

The new annual salary for the supervisor is \$7,400; for the treasurer it is \$8,000; for the clerk it is \$7,400; constable is \$1,200; assessor is \$12,000; and for a trustee the salary is \$60.

The compensation advisory committee had initially recommended the supervisor's salary be increased to \$7,700 and the clerk's salary to \$7,200. Supervisor Brian Hulbert amended the suggestion to make both positions receive equal pay.

"The job is always the same no matter how long you have been doing it," said Hulbert. He asked that his salary be lowered and the clerk's raised to an equal amount since both began working at the same time.

"I believe the office is the same," said Hulbert, explaining why he felt the positions should receive equal pay.

The new salaries will begin Oct. 1. In other actions the board voted to set aside \$9,000 pending a ruling from the State Tax Tribunal. Great Lakes Gas Transmission Co on Groose Creek Road in Frederic Township is appealing their taxes for three years. The amount set aside is one-third of the amount Frederic Township received for each year that is being questioned.

Fine Dining Guide

October is National Restaurant Month!

In honor of National Restaurant Month, The Crawford County Avalanche is publishing a weekly restaurant and fine dining guide.

Our Guide to Fine Dining will appear in the issues of October 5, 12, 19, and 26. Advertise your restaurant for two or more weeks, and photograph and feature article. Open and closed rates apply to these special pages. Every \$25 charge. If you run all four weeks, color will be free.

To have your establishment featured on one or all of these dates for this year's Restaurant and Dining Guide, contact the Crawford County Avalanche Advertising Department at 348-6811.

To be included in these special pages, the deadline is Tuesday, September 26, 1995
